

# 8ft Garage Tool Organizer

Sku # 211-1709

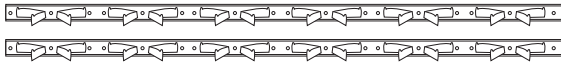

Model # 30077

### CAUTION: HANDLE PRODUCT CAREFULLY, PRODUCT MAY HAVE SHARP EDGES

**DO NOT OVERLOAD.** Carefully follow all instructions. Maximum load capacity for the rack is 50 lbs. of evenly distributed weight. The rack must be attached to the structural supports of the wall. The supporting wall must be strong enough to safely support the maximum rack load. Failure to properly install the wall mounted storage rack may cause the evenly distributed load to fall. Do not stand directly on or below the rack. Keep work area clean and keep the wall mounted storage rack out of the reach of children.

## Item Inventory

## Warranty

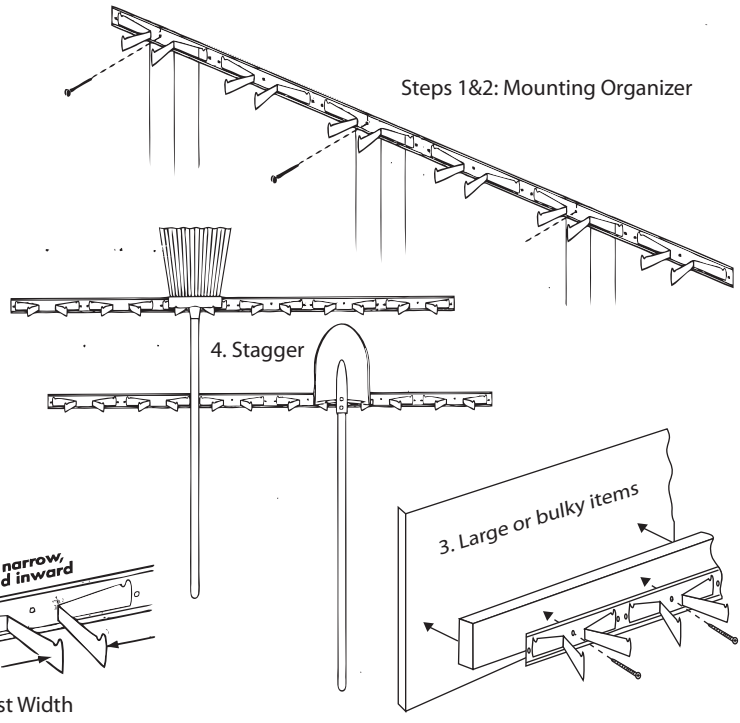

**A** 8ft Tool Organizer (Two 4ft. sections)  
QTY: 2

MOUNTING HARDWARE SOLD SEPARATELY

**ONE-YEAR LIMITED WARRANTY:** If, during normal use, this Storage Shop® tool breaks or fails due to a defect in material or workmanship within one (1) year from the date of original purchase, simply bring this tool with the original sales receipt back to your nearest MENARDS® retail store. At its discretion, Storage Shop® agrees to have the tool or any defective part(s) repaired or replaced with the same or similar Storage Shop® product or part free of charge, within the stated warranty period, when returned by the original purchaser with the original sales receipt. This warranty; (1) excludes expendable parts; (2) shall be void if this tool is used for commercial and/or retail purposes; and (3) does not cover any losses, injuries to persons/property or costs. This warranty does give you specific legal rights and you may have other rights, which vary from state to state.

## Assembly Instructions

1. Each 4' (1,2m) section has 3/16" (0,47 cm) mounting holes spaced 8" (20,3 cm) apart. Screws (sold separately), rather than nails, are recommended for added strength.
2. Position the organizer on the wall so the mounting holes line up with the wall studs. Pre-drill holes into the center of the wall studs. Attach one end of the organizer to the wall using screws. (Make sure at least 1" of the screw threads into the wall studs.) Make sure the organizer is level and attach screws at all wall stud locations.
3. If hanging large or bulky items, or wish to mount your organizer on a masonry wall, attach the rack to a 2" x 4" (5 x 10 cm) stud or 1" x 4" (2.4 x 10 cm) board as illustrated before mounting to the wall.
4. When mounting sections, one over the other, stagger as shown in illustration for maximum storage capacity.
5. Width of holding brackets may be adjusted as required.
