Model # 82155

Thank You for your purchase of a finely crafted Adirondack Chair from Decko Products. The following contains assembly instructions as well as care and maintenance suggestions. Please take a moment to completely read and familiarize yourself with this information. You will then be ready to assemble your chair. If you have any questions regarding your purchase, please contact us at 1-800-495-9278

Your Decko Adirondack chair is made from high quality 100% polystyrene construction. Maintain your outdoor furniture by using furniture covers or storing out of the elements when not in use. Periodically check fasteners to make sure they are secure. Clean chair using water and non-abrasive brush, sponge or cloth. Avoid using harsh chemicals or detergents.

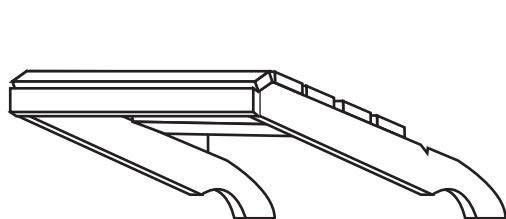

TOOLS REQUIRED FOR ASSEMBLY: Phillips screwdriver, adjustable wrench, and Allen wrench

MAINTENANCE: Very little maintenance is required for your furniture. Periodically check all fasteners to make sure they are properly secured. Re-tighten if necessary.

NOTE: It is NOT recommended to use power tools for assembly. They may cause over tightening and damage to your furniture.

Limited Warranty: This product is covered under the manufacturer's 1 year limited warranty against defects in workmanship and materials. If your Decko Products furniture fails structurally during normal use within one year of purchase, the manufacturer will repair or replace the defective piece at no charge. The warranty excludes furniture used for commercial purposes, furniture damaged by acts of nature, abuse or lack of proper care or use of improper hardware. Max weight capacity for the chair is 250lbs. Proof of purchase (dated register receipt) is required for warranty claims.

Parts List

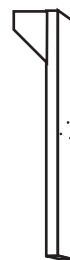

A Seat Assembly

QTY: 8

K Right Arm
QTY: 1

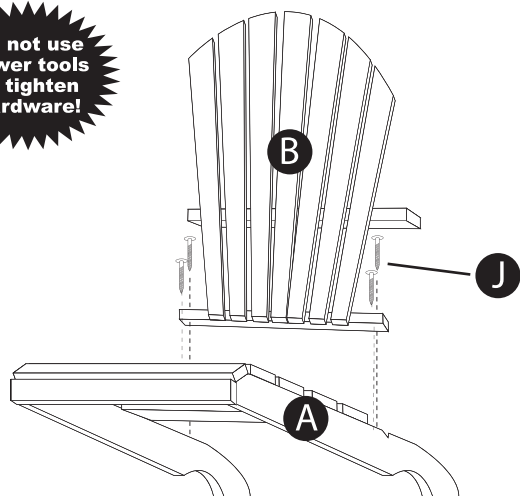

L Left Arm
QTY: 1

Step 1 Assembly

Attach the back assembly (B) to the seat assembly (A) using four 30mm screws (J). Securely tighten with a phillips screwdriver.

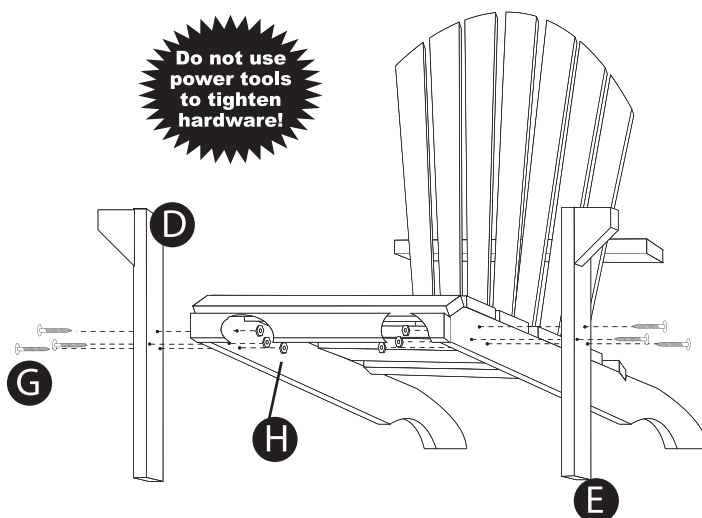

Do not use power tools to tighten hardware!

Step 2 Assembly

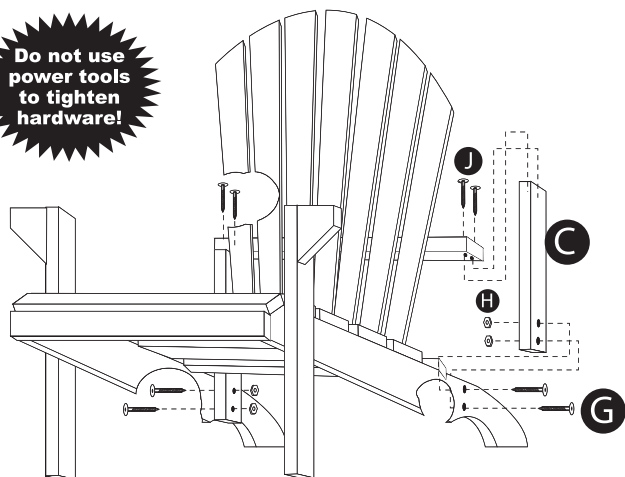

Attach the right (D) and left (E) legs to the seat assembly using six 50mm bolts (G) and six nuts (H).

Do not use power tools to tighten hardware!

Step 3 Assembly

Do not use power tools to tighten hardware!

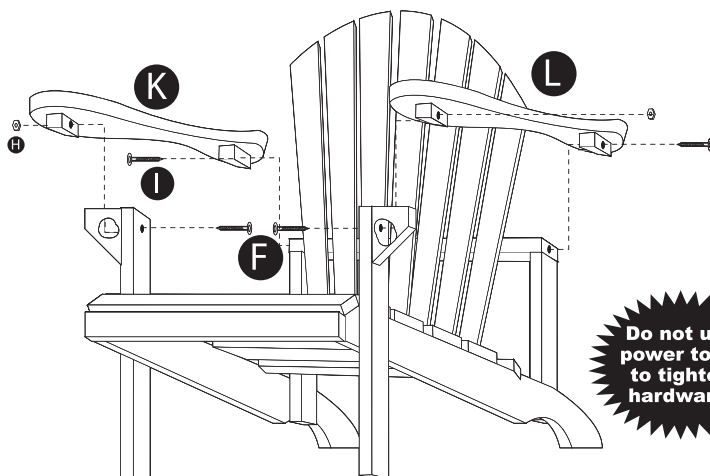

1. Attach the bottom of the back support (C) to the seat assembly using two 50mm bolts (G) and two nuts (H). Only finger tighten hardware at this time.

2. Attach the top of the back support (C) to the back assembly using two 30mm screws (J). Securely tighten with a phillips screwdriver.

3. Repeat above steps for assembly on the right side and securely tighten all fasteners.

Step 4 Assembly

Do not use power tools to tighten hardware!

1. Attach the back of the right arm (K) to the chair assembly using one 50mm screw (I).

2. Attach the front of the right arm (K) to the leg using one 50mm bolt (G) and one nut (H). Note the orientation of the bolt in the figure.

3. Repeat above steps for assembly on the left side and securely tighten all fasteners.

You are Finished! Enjoy Your Chair.
